OUTLINES.

The Commercial Travelers' Inter-State Prosperity Congress convened in New York yesterday with representatives present from all large cities in the United States. Two rival "armies," composed of the Anarchists and Suffragettes, descended upon the session yesterday for recognition and the police had to be called upon to disperse the Anarchists. The Congress is one of great interest throughout the country and a number of prominent Southerners took part in yesterday's proceedings—Capt. Baldwin's military balloon yesterday made the first successful flights, fulfilling the speed requirements of the Government—Amos C. Nolan, giving his home as Floyd, Va., was arrested in New York yesterday with several valuable packages of mail, believed to have been stolen—The explosion of Capt. True lace's balloon in London yesterday caused the death of two persons and the injury of six—The United States marine soldiers captured the first three places at the opening match of the National Rifle Association at Camp Perry, Ohio, yesterday—Lira D. Sankey, the well known Evangelist and hymn writer, died in New York yesterday aged 68 years—Mr. Bryan had a quiet day yesterday. He was feeling good over Chairman Conner's prediction that the Democratic candidate would carry the State of New York. Mr. Bryan will pay much attention in the speech making line to Ohio and such other important centers—The Atlantic battleship fleet left Auckland yesterday amid national salutes and the cheers of a vast crowd which had assembled to witness the departure—A call has been issued for the formation of Democratic campaign clubs in every voting precinct of the State—New York markets: Flour quiet and unchanged. Wheat firm. No. 2 red 1.00 3/4 to 1.01 elevator, options 1-2 to 7-8 higher. Corn firm, No. 2, 89 1-2 nominal elevator, options 1-8c net higher. Oats easy, mixed 52. Rosin quiet. Turpentine firm. Money on call easy, 7-8 to 1-4 per cent, ruling rate, closing bid 1-1/4, last loan 1-1/4 time loans very dull and steady. Cotton closed 10 points higher, middling uplands 10.60, middling gulf 10.85.

We feel sorry for that saddle horse Mr. Taft has bought.

The automobilist and not the pedestrian is the one who is catching it these days.

In accordance with Judge Newman's decision the Asheville bank wreckers must stand trial again.

That old suit of Mr. Roosevelt's which Mr. Taft is trying to wear does not fit as well as at first supposed.

Mr. Bryan has no fears that Mrs. Bryan will not be able to come up to the work as mistress of the White House.

Even Republicans are forced to express admiration at the clear-cut language in which Mr. Bryan accepts the nomination.

Mr. Bryan says that he endorses the Democratic platform and stands upon it. What more can the Democrats ask of the man they nominated?

The Durham Herald says that persons who drink Durham blind tiger liquor declare that it is very "shy of alcohol." From the police court reports there must be something in it worse than alcohol.

That was a hot contest and a close fight for the legislative nomination by the Democratic primary in Anson county. We hope the Democrats will get together by election day and forget their differences.

Mr. Klutz, the Democratic chairman in the Eighth Congressional District, is going to put up a stiff fight. He means business and is determined to win. The Democrats did well when they put him at the head of party affairs in that district.

Wake county Democrats are going through a strain on the nerves of party men. It looks like hard work must be done there to keep the county in the Democratic ranks, but the Wake county Democrats can be counted on to do their duty.

Mr. Taft endorses Mr. Roosevelt's platform. Mr. Bryan declares to the people that he stands on and endorses the political principles his party has declared for in its National convention—quite a difference in the attitude of the two men.

We hardly suppose the Republicans will nominate a Congressman in this district. Mr. Godwin has made such efficient and so acceptable a member that the Republicans will surely bow that there will be no use in trying to oppose his election. In his first term he has given satisfaction to all persons in his district irrespective of party affiliations.

DR. P. E. HINES DEAD

Venerable and Honored Physician of Raleigh Passed Away Yesterday.

CAPITAL CITY NEWS BUDGET

Colored Deacon Killed at Baptist Association—White Man Charged Burglary—New Paper for Raleigh—Other News.

Raleigh, N. C., Aug. 14.—Raleigh lost this morning one of her most venerable and honored citizens in the death of Dr. P. E. Hines, who passed his 80th birthday only a few weeks ago. He had been helpless from paralysis for more than a year. Dr. Hines was a surgeon in the Confederate Army, and acting medical director in the army corps for North Carolina. He had practiced medicine here for nearly a half century and was president of the Raleigh Medical Academy; president of the North Carolina Medical Society at different times in his distinguished career. He was also president of the North Carolina Society Sons of the Revolution and an active and enthusiastic member of that society.

He married Miss Fannie Johnson, a daughter of Charles E. Johnson, deceased, who survives her husband. The funeral arrangements are not yet made but the funeral will probably be held Sunday.

The charter of the Enterprise Ridge Association, Rocky Mount, is amended so the name is changed to The Reformatory and Industrial School and Home for negro youths under 18 years "who have fallen under the power of the law and are liable to the power of the law for misconduct." George H. Wilson is president of the corporation.

Dave Smith, a negro, was committed to Wake county jail this morning on the charge of killing Lum Williams, a deacon of Riley Hill Baptist church, colored, 18 miles from Raleigh, yesterday afternoon in the midst of a sensational row growing out of a quarrel between Smith and Gaston Dunn, colored, because Dunn would not repay five cents loaned him to buy apple cider. The row started at a cinder stand on the outskirts of a crowd of 2,000 negroes attending a Baptist Association. The Dunn negro cut Dave Smith and the latter drew his revolver and fired several shots, one of which hit Deacon Williams, who was in no way connected with the row. A number of negroes rushed at Smith to disarm him but he held the whole crowd at bay and created a general stampede of the 2,000 negroes to "the tall timbers." He was arrested last night and brought here today very weak from his wound, there being a deep gash in his thigh.

Spence Hopson, a young white man, 19 years old, from East Durham, was brought here today from Cedar Fork township charged with burglary in that he entered the residence of C. V. Merritt, in Cedar Fork and stole money, clothing, watches, jewelry and other valuables most of which were found in his possession.

General Manager J. V. Simms of the Raleigh Evening Times, today launched a new enterprise, The Saturday Evening Capital, a Saturday newspaper, which he announces will be published in connection with the Evening Times, at \$1 per year, the publication to be eight pages, have colored supplement, Sunday School lesson and other specialties in addition to the summary of the week's news. The Saturday Evening Capital will aspire to a State-wide circulation.

A development of interest in connection with the receivership of the Norfolk & Southern Railroad Co., is that a blanket injunction from the United States courts of eastern Virginia and eastern Carolina has been issued restraining any and all parties having claims against that railroad to bring suit during the term of the receivership.

LIBEL SUIT INSTITUTED

Against the Charles K. Schull by the Brunswick Steamship Company, of New York, to Recover Salvage Charges.

A libel suit was instituted in the United States District court yesterday afternoon by the Brunswick Steamship Company against the schooner Charles K. Schull to recover salvage charges, alleged to be due the libellant from the fact that the Schull was picked up abandoned in the recent storm, by the steamer Ocmulgee, one of the liners owned by the Brunswick corporation. The corporation is represented by Messrs. Rountree & Carr, while John D. Bellamy & Son appear for the owner of the Schull.

It will be recalled that the Schull was brought to Southport, waterlogged and otherwise badly disabled, by the Ocmulgee. Assistant Engineer W. H. Welch was left in charge. The crew of the Schull, who abandoned the vessel at sea, was picked up by a Clyde liner and landed in Savannah, Ga.

Capt. Peckworth, of the Schull, learning the location of his schooner came to this city by rail and was later joined by Mr. Charles T. McGhee, one of the owners, who spent some time here looking after her interests. The Schull was valued at \$35,000 with a cargo valued at \$1,000.

The suit is likely to terminate in an interesting and hard fought controversy.

Badly Burned by Live Wire.

A small negro boy, about eight years old, whose name was not learned, was painfully burned yesterday afternoon by coming in contact with a live wire on 12th street. It seems that two other colored boys had fastened a clothes wire to a live wire and stretched it across the path that the boy was to pass. He ran against the wire and when he felt the unusual sensation in his legs he reached down and caught the wire with his hand, which was also badly burned. The boys who played the practical joke became alarmed and ran to the aid of their victim and by the use of a stick they succeeded in getting him away from the wire, which threatened his death.

French Millinery Parlors.

Wilmington's latest business concern and one that promises to be among the most enterprising of its kind is the French Millinery Parlors, which will be ready for business during the month of September under the management of Miss Ophelia C. Northam and Miss C. G. Andrews, two capable and popular young ladies. Quarters will be fitted up on the third floor of the A. D. Brown's store and an elevator will be operated to reach the parlors. Misses Northam and Andrews will leave today for New York to purchase a modern and complete line of the latest millinery creations.

Athletic Meet at Wrightsville Today.

Interesting athletic events under the auspices of the Y. M. C. A. at Wrightsville Beach today will consist of 100 yard dashes, running board jumps, standing board jumps, three legged races, human races, potato races and tug of war races. On the opening events entries will be received up to the time of starting and it is expected that there will be a number of contestants to enter. The Junior events are all closed. It is expected that a large number will be present to witness the many interesting events.

POSTPONE CREDITORS MEETING

Referee Blair Will Not Fix Date For Thaw Creditors.

(By Wire to The Morning Star.)
Pittsburg, Aug. 14.—Because no one entered an appearance for Harry K. Thaw when his petition in bankruptcy was called before referee William R. Blair today the fixing of a date for the first meeting of creditors was postponed indefinitely and it is said, will not now be considered until his attorney or some one else interested makes application to have the time fixed.

Roger O'Mara appointed receiver for Thaw's estate, when the petition was filed, and in a sense the local personal representative of Thaw was not in the city today. He went to Poughkeepsie the early part of the week to confer with the prisoner and was last heard from in Philadelphia, where he stopped en route home. He is presumed to be detained there by some feature of the case.

Former Governor William A. Stone, Thaw's Pittsburg attorney, declined to discuss any phase of the case today.

There is a report current tonight that the attorneys have found in the proceedings up to date a serious obstacle and that they feel that it is necessary to overcome this obstacle before further proceedings are had lest it should interfere with the plan to have Thaw brought here to face his creditors. Just what this obstacle is, is not disclosed, but it is said that it concerns the eastern creditors of Thaw.

COUNTRY FOR BRYAN

Strong and Growing Sentiment in Favor of The Ne-braskan.

TIRED OF REPUBLICANISM

Wilmingtonians, Who Recently Returned From Visit North, Say Politicians Up There Think Bryan Has Good Chance.

That William Jennings Bryan stands an excellent chance of being the next president of the United States is the opinion of two prominent and observant citizens of Wilmington who have just returned from an extended trip through the North, where they inquired into the National situation, getting the views of both Democrats and Republicans in various walks of life.

The Bryan sentiment has grown to tremendous proportions during the past few weeks and the Wilmingtonians heard many political prognosticators say that if the election was held now the Nation would go overwhelmingly for the Nebraskan and that notwithstanding the fact that the election is not to be held until November, during which time the Republicans will have ample time to tap the barrel for all it is worth, the Peersless will not want for support in the Northeast.

The laboring classes especially are inclined to Bryan, saying that conditions could not be any worse for them with a Democratic administration.

A representative of the Star yesterday afternoon saw and interviewed Mr. George W. Chesnut, a member of the well known firm of Chesnut & Barentine, on Front street, who returned a few days ago from New York, where he went on business for his firm. Mr. Chesnut is a close observer of things political and while in the metropolis interviewed many persons regarding Bryan's chances. He talked with a large number of brokers, merchants, hotel men and business men generally and he found the sentiment there very strongly in favor of Bryan as against Taft and Republicanism. The laboring class of people, those who depend upon their weekly pay envelope for their existence, and the dissatisfied merchants, who are suffering from the effects of the recent financial depression, are almost to the man for Bryan so far as Mr. Chesnut was able to learn. There are in New York a large number of these dissatisfied merchants, who believe that the stringency of the money market was largely influenced by the Republican administration and they believe that the time is ripe for a change in the national administration.

The brokers, who ordinarily favor Republicanism and the protection it affords, are divided, some favoring the election of Bryan and others are for Taft. A division among them is taken as a healthy sign for Democratic success.

From the general talk he heard in the lobbies of the hotels and in the business houses, the vast majority of the employees of the large hotels in New York are enthusiastic for Bryan. They argue that conditions could not be any worse than under the present administration.

Another prominent citizen, who returned a few days ago from an extended trip through several of the Northern States, including several in New England, found the situation about the same as Mr. Chesnut. While in the New England States he went over to Boston and took a peep in on the Grand Supreme Lodge of the Knights of Pythias in session there. He found that Bryan had a very strong following in Massachusetts and from what he was able to gather Bryan will carry nearly every State up that way. In New York he talked with many prominent people in touch with the political situation, and they expressed the belief that Bryan had splendid chances of success at the polls in November.

The great corporations, which have fed the Republicans to such a great extent, making the election of the Republican nominee almost assured from the date of the nomination, are not inclined to contribute so liberally to the campaign fund this year, according to this citizen, who is of the opinion that it will be but little help the Republicans get from the corporations for the present campaign. He thinks that this will have a lot to do with Bryan's catching the floating vote, which usually goes to the party paying the highest price per vote.

In the language of the street the shrewd Republican politicians of this State must have the administration at Washington "going" regarding the situation in North Carolina. One of the leading politicians of Washington confided to the Wilmingtonian that the capital city Republicans are counting on putting North Carolina in the Republican column in the November election. One of the hardest fights of the South will be made in this State, every influence possible being brought to bear to win votes for the G. O. P. The Wilmington citizen informed the Wilmingtonian that it was only a "pipe dream" for the Old North State

DELEGATES ARE NAMED

New Hanover Veterans Will Attend Reunion at Winston-Salem—Regular Meeting of Camp—New Members Enrolled.

The feature of the regular monthly meeting of Cape Fear Camp, No. 254, United Confederate Veterans, held at the Wilmington Light Infantry Armory last night, was the selection of delegates to the annual State reunion which will be held in Winston-Salem August 19th and 20th. In the absence of the commander and the lieutenant commander, Captain Lewis S. Belden presided over the meeting.

The following named were selected as the delegates to the State convention, all of whom expect to go: Messrs. Jesse Wilder, A. W. Watson, J. R. Marshall, T. P. Sykes, John Hanby, J. H. Hewitt. Several other members of the camp expect to attend the reunion.

New members were enrolled as follows: W. M. Dixon, J. P. Wallace and J. B. Casten.

The Wilmington delegation will leave here Tuesday morning on the A. & Y. for Winston-Salem, arriving there in the evening.

The reunion promises to be the largest attended in many years and the hospitable people of the Twin-City will omit nothing that would in any way add to the pleasure and comfort of the old soldiers. Various committees have been at work for several weeks perfecting the arrangements for the proper care and entertainment of the visitors. The large tobacco warehouses of the city will be transformed into lodging quarters and several hundred old Veterans will be cared for in this way, while a large number of others will stop at the hotels and boarding houses and in the homes of the citizens of the city.

The annual meeting of the Veterans will be held on the opening day in the Elks' Auditorium which has been renovated and redecorated throughout. Mr. Cyrus B. Watson will deliver the address of welcome and Maj. H. A. London will make the response. Addresses will be delivered by Gen. Bennett C. Young, commander of the Kentucky division of Confederate Veterans, and Gen. C. I. Walker, commander of the Army of Northern Virginia, who have accepted invitations to be present.

Thursday morning there will be a grand parade of Veterans, led by brass bands and a drum corps. The business houses will be decorated profusely. Following the parade the Veterans will begin to leave for their homes.

RELIEF OF STORM SUFFERERS

Pender County Citizens Organize to Aid Those Who Lost in Storm.

As the winter recedes, leaving bare the ruined crops, the people of this section are awakening to a realization of the enormous damage done by the storm of two weeks ago, and the situation calls for action on the part of the citizens. Seeing the need of an organization to aid in relieving those who have lost practically everything, a few of the citizens met and sought the advice of our older fathers, Mr. W. H. Player and R. T. Williams, in regard to furnishing aid to those districts most seriously affected.

After discussing the situation a committee, composed of H. A. Player, R. H. Humphrey, and C. P. Moore, was selected to investigate the conditions and seek aid for any in distress. Any one wishing to aid the unfortunate in the Bannerman section can forward the same to the committee either at Bannerman's Bridge or Burgaw, N. C., and the same will be properly distributed.

Respectfully,
C. P. MOORE

Marriage of Former Resident.

The many friends in this city of Mr. Alvin Alexander Morganthall, who was at one time employed at the Cape Fear Machine Works, will be interested to learn of his marriage, which occurred at Waynesboro, Pa., Thursday, August 6, his bride being Miss Eva Viola Beatrice, an attractive young lady of Greencastle, Pa. Following the ceremony the young couple left for Atlantic City to spend their honeymoon. They will reside at Waynesboro, where the bridegroom has a responsible position.

Thieves Were Discovered.

Three negroes were caught in their attempt to enter the Atlantic Cafe Thursday night between 8 and 9 o'clock, by Mr. Henry Gieschen, one of the proprietors, the thieves having effected an entrance in the rear of the building by breaking one of the windows. One of the thieves had succeeded in getting into the building when Mr. Gieschen chanced to pass by on his way home and discovered them. They made a hurried escape. The officers are working on the case.

was safe from Republicanism for some time yet.

It is gathered from various sources that the Republican barrel will be tapped frequently and for large sums in an attempt to make this State Republican in the approaching election.

Seventeen innings and never a run until the last half of the seventeenth!

It was at this critical stage of the game when the better part of twelve hundred people in the grandstand and on the bleachers were suffering with nervous prostration that "Grand Old Man" Kite led off Wilmington's half of the seventeenth with a swinger to the outer garden, stole second and came flying across the rubber on another nice one by Doak down in left field. In the meantime Capt. "Dick" Smith had popped out to catcher, so that there was one down when the winning run was made. The twelve hundred suffering with nervous prostration a moment before were paralyzed with joy at the feat on the diamond and the game was declared Wilmington's by a score of one to nothing.

The Sailors had won the game in the ninth when Umstead muffed a high fly of Doak, but Mr. McLaughlin, the umpire, couldn't see it that way and Doak was called third out just as Kite raced home. But it all "came out in the wash" anyway and Mr. McLaughlin is so far above the general average of indicator men that the fans did not kick strenuously, though it is stated that after the game one of the Goldsboro players admitted that the ball was muffed.

A double header had been advertised for the afternoon but the first game required so much time that the management decided it would be a shame to give any more for the money and the double-header was postponed until this afternoon, the first game to be called at 2:45 P. M. The two games will be at the price of one admission and the fans may confidently expect the best of the season.

In the game yesterday afternoon Levy was on the slab for the locals and pitched a phenomenal game, allowing but two hits up to the ninth and keeping all nine that he gave during the seventeen innings well scattered. Howard also pitched a fine game and received great support. Cooper, who arrived yesterday with McDonald, the new pitcher from the Carolina Association, went in centerfield for the Sailors and while he did not show up well with the stick after the fatigue of a long ride on the train, the fans expect to hear from him in the games today, one of which McDonald will pitch. Walsh, a catcher from the Carolina association was behind the bat for Goldsboro and to him was due in a large measure the fact that the game did not come sailorward sooner. He is as fast as lightning and a steal to second on him is next to impossible.

The game yesterday was gilt-edge in every particular and perhaps breaks the record on a Wilmington diamond though the fans have a faint recollection of an 18-inning game here once in which the score was 3 to 2. The record for the world is 24 innings and many believed during their nerve-racking experience yesterday that this was going to be at least equalled. But here is the excruciating story of it all:

The Game in Detail.

First Inning—James caught the first ball over the plate for a nice single over second; Umstead popped to Rath, who dropped the ball but James was forced; Adams was up and Umstead was forced at second; Adams flew to centre. Wilmington: Rath fanned; Toey out, third to first; Sharpe singled to right; Kite fanned.

Second—Ryan flew to Cooper; Hicks walked; Hill popped to Smith; Hamilton flew to Rath. Wilmington: Smith flew to centre; Doak was safe on error of centre; Cooper sacrificed; Flynn flew to short.

Third—Walsh popped to Rath; Howard fanned; James popped to Kite. Wilmington: Levy out, pitcher to first; Rath popped to short; Hoey flew to right.

Fourth—Umstead made an infield hit to Smith; Adams sacrificed; Ryan flew to Hoey; Hicks out, pitcher to first. Wilmington: Sharpe out, third to first; Kite flew to first; Smith hit to left field for two bases, but Doak flew on a difficult one to right.

Fifth—Hill fanned; Hamilton popped to Smith; Walsh walked; Howard popped to Smith. Wilmington: Cooper out, pitcher to first; Flynn out at

THE INLAND WATERWAY.

The proposed inland Waterway is attracting attention all over the country. It is by no means a local matter. While the work to be done at present—on the first section of the proposed inland channel—will be confined to the waters of Eastern Carolina, it cannot be said to be a North Carolina enterprise for if nothing more should be done but the deepening of the channel between Beaufort Inlet and the upper sounds of the State a great natural work will have been accomplished. This part of the work when finished, will permit smaller craft to avoid the dangers of Hatteras and Diamond Shoals—"the graveyard of the Atlantic." The general importance of this work is shown by the following notice of it given in the editorial columns of the Journal of Commerce of New York:

"The first step is now being taken in the construction of the inland waterway between Norfolk and Beaufort, N. C. United States District Attorney Skinner says that proceedings have been begun to get title to all lands where cuts are to be made for the canals which are to relieve smaller craft from the dangers of Cape Lookout and Hatteras. Condemnation proceedings are now being instituted to get possession in all cases where the owners decline to convey the lands. There are seven such cases and the Federal judge here has signed the order. The first link is that connecting Pamlico Sound with Beaufort Harbor by way of Cove and Adams creeks. The longest land cut is four miles and work will be started September 1st.

"The first part of the waterway is to cost \$500,000 and Congress has appropriated this amount. The total cost will be from \$2,500,000 to \$3,000,000. A board of commissioners has been appointed to condemn and fix the valuation of the land in the seven cases referred to.

"The appropriation and expenditure of \$500,000 means the actual beginning of a waterway development that will be of incalculable value to the farming and commercial interests of this country.

"In the August number of The World's Work, the statement is made that on a level road one horse can pull two tons three miles an hour; on steel rails one horse can pull ten to fifteen tons three miles an hour and on waterway, one horse power can pull sixty to a hundred tons three miles an hour. It is evident for land transportation that steel railways are about six times more economical than an ordinary roadway. It is equally evident that wherever water transportation can be had it is six to eight times more economical than even the steel railway. Therefore, this expenditure of \$500,000 by the government means a beginning of appreciation of the value of water transportation. Both for the defense of the country in event of war and for the value of transportation in times of peace are offered opportunities on the eastern coast as yet scarcely conceived and wholly unappreciated."

THE NEGRO VOTE.

Some of the Democratic newspapers of the South are making a mountain out of a molehill in regard to the matter of Mr. Bryan and the negro vote. If the negroes of the North or Northwest choose to vote for him what is that to the people of the South? Mr. Bryan has not done a single thing or made a single promise to secure that

vote. The negro has the right, as has the white man, to vote as he pleases. His vote does not belong to the Republican party and when it is divided and voted intelligently according to the ideas of the men of that race the better it will be for them and also for the whole country. Men, neither whites nor blacks, should any longer allow themselves to be driven or blindly led to the polls to vote as their leaders dictate to them, and when the negroes break away from this rule that has governed their voting since the first days of their enfranchisement it is a sign of improved conditions, among that race; that its voters are thinking and, so thinking, determined to act for themselves and in a way best calculated to advance their material interests. While we would not care to see the negro vote of the whole country solidly pass over to the Democratic party, we take it to be a good sign that the negro vote is going to be divided this year; that the men of that race are going to vote, not as they are told to do by their leaders, but as they conceive it to be to their individual interest after giving due thought to the political principles of the two parties.

CAROLINA'S FIRST BALE.

Morven township, Anson county, again comes to the front with the first bale of new cotton as it has done for several years past. The Wadesboro Messenger and Intelligencer says:

"North Carolina's first bale of new crop cotton was sold at Morven yesterday, 12th inst. The cotton was grown by Messrs. J. S. and W. D. Ratliff, of the Cairo neighborhood. The bale weighed 515 pounds and was bought by Mr. T. V. Hardison for 12 1/2 cents. Mr. Hardison expressed the bale yesterday afternoon to Hopkins, Dwight & Co., New York.

"Last year the State's first bale of new crop cotton was sold at Morven, to Mr. Hardison, August 27th for 13 1/2 cents, and year before last the State's first bale was sold at the same place August 16th.

"According to these dates the crop this year appears to be from one to two weeks earlier than usual, although Morven has had a new bale, we believe, as early as August 8th."

That section of Anson county is not only in the lead in the matter of time in cotton growing, but it produces a very high grade of upland cotton, much of it grading above middling and classing next to Sea Island.

MR. BRYAN'S SPEECH OF ACCEPTANCE.

From the editorial columns of the Greensboro Record we take the following, which shows how the Republicans look upon Mr. Bryan's speech of acceptance. It is a poser to them. They can't get around it and the honest, fair-minded Republicans are forced to admit that his speech is one of the most important political documents that has been published in a long time. When Republicans begin to admit that Mr. Bryan has said—or written something worth reading then it is time for the general public to take notice of what he has to say. The Record quotes one of the leading Republicans of the State, as making the following comment on Mr. Bryan's speech:

"Here is the opinion of Hon. W. P. Bynum, of Greensboro, a life-long Republican, on the speech of Mr. Bryan delivered yesterday: 'It is one of the greatest speeches I ever read—clear and forceful and a genuine keynote speech. I might talk an hour and say no more.' The amusing thing about this is that his party associates will not criticize him, for they cannot do it. They know he is honest, and thoroughly competent to judge and means what he says."

North Carolina Democracy can be counted on to have a solid delegation in the next Congress. There may be talk about danger in the Eighth and Tenth Districts, but we have full confidence in the Democrats of those districts, and feel sure that when election day closes the Democratic candidates in those districts will be elected. Of course work will be necessary to secure this success, but we have the men in control of the campaign there who are willing to do the work and know how to do it.

While there is so much talk about raising funds for the Democratic national campaign the people should not lose sight of the fact that there is an important State campaign on hand also, and that money will be needed for its conduct. We must not lose sight of our State affairs in our eagerness to be successful in the National contest.

CURRENT COMMENT.

Of unusual interest is the announcement just made by Director North, of the Census Bureau, that the volumes containing the first census of the United States, taken in 1790, are now in press. It is expected that these publications will be in great demand by those persons who are fond of tracing back their lineage to the dawn of the republic, for the books will contain the names of all the heads of families then in this country so far as it has been possible to obtain

them from the records.—Tarboro Southerner.

—The nomination of former Vice President Stevenson for Governor of Illinois by the Democrats helps to put that State in the column of doubtful States. He is popular and his popularity will add many votes to the Bryan-Kern ticket. It seems to be admitted by the Republican leaders that if any man can carry Illinois he can. He is a good campaigner and as he has been tried in office and given satisfaction he has a very good prospect of being elected. In the event of his election the chances are very much in favor of the State's electoral vote going to Mr. Bryan.—Savannah News.

—It is an economic as well as a physical law that the processes of recuperation are always slower than the processes of destruction, a law that has been proving itself for many months. The panic passes, but the depression it caused lingers; the depression grows less perceptible but the wonted vigor and volume of business does not return, though all agree that it is in prospect. The feeling that there will be good harvests of corn and cotton throughout the South, gives hope of improved business conditions in all lines of trade. All these things can be seen in the near future, but for the present there are two or three elements of uncertainty which operate against the full resumption of business confidence.—The Progressive Farmer.

—Maryann Butler is seeking to have Jeter Pritchard run for Governor on the Republican ticket. The reputation of Judge Pritchard is less unsavory than that of most Republicans in this State, but if he lends himself to Butler's scheme he will descend to the common level. He now holds an exalted position for life or during good behavior. To resign from the judiciary for partisan politics would make it plain even to his admirers that a bargain had been entered into by him and the federal administration to reap what he should fall. This would be a prostitution of the spirit which is supposed to inhabit the judiciary. The only interesting part about Butler's scheme is, will it succeed. The Democrats can defeat Pritchard more easily than one or two others that we might name.—Tarboro Southerner.

—In every State in the union there should at once be a determined, organized effort to raise money for the Bryan campaign fund. Five hundred thousand dollars is mentioned as the least sum upon which our leaders can work with hope of success. We believe much more will be required. Ten times that amount can be gotten by the Republican managers, for the money bags of Wall street gap wide open for them. They need the cash, and vast sums, for they will not hesitate to buy the doubtful, pivotal States. They, too, are prepared to enter into deals with the plutocrats, and to deliver the goods should they succeed. We can have nothing to deliver if Mr. Bryan is elected, for the aim of Democracy is to strike from the limbs of the people the chains fastened by ill-gotten wealth, to lower the tariff, to curb the trusts, and to control them, and such ends do not appeal to tainted money. Ours must be a collection from the plain people; so let the hat pass around.—Wilson Times.

TWINKLINGS.

—Judge—"What is your profession?" Witness—"I am a poet, Judge."—"That's not a profession; it's a disease."—Judge.

—The only way for President Roosevelt to reform the supreme court is to remove some of the justices and take a job on that bench himself.—Durham Herald.

—"Poor man! Have you always been blind?" "No, mum," answered Tired Tim, unthinkingly. "Last week I was lame, but dere wuzn't enuff in it."—Louisville Courier-Journal.

—"I think," said the struggling writer, "that the publishers might well take a hint from the politicians." "In what respect?" "Publicity for all contributions. How that would help!"—Louisville Courier-Journal.

—"Ella—I'm to be married tomorrow, and I'm terribly nervous." Stella—"Yes; I suppose there always is a chance of the man getting away up to the last minute."—Philadelphia Inquirer.

—"Did you enjoy the social season?" "Not personally," answered Mr. Cumrox. "But on looking through my check book I am convinced that it engaged my wife and daughters to forget all my business troubles."—Washington Star.

—"You Americans are not good losers," remarked the Britisher at the Olympic games. "Perhaps that's true," replied the Yankee, "but there's everything in experience. In losing we haven't had as much practice as you fellows."—Philadelphia Ledger.

—"You know," said the man who stores his mind with quaint and curious facts, "that the savages have a way of getting fire by rubbing two sticks together." "What a very tiresome method!" "Yes. And yet, it must be a heap quicker and handier than fooling with a box of safety matches on a damp day."—Washington Star.

—A census taker made his rounds in an isolated village. He gave one of his official papers to a woman that she might fill in the required answers. One of the questions, instead of reading "Married or single," had it "Condition as to marriage." The woman filled in the answer thus: "Awful hard up before. Wuss after"—Pileg ende Blaetter.

—The dead past was burying its dead "It's a perfectly absurd performance," grumbled the d. p. "I'm only doing this because Mr. Long-tellow tells me to do it." Back of this seeming reluctance, however, there may have been a conviction that mankind would not begin to act in the living present until the funeral was over.—Chicago Tribune.

Belle of Virginia Rye deserves its name, and the name is certainly one of distinction and old-time aristocracy. It's a whiskey we are proud of on account of its purity and high quality and its hosts of admiring friends who will drink nothing else. Belle of Virginia is a blend—a scientific, uniform blend of pure, old goods. It's a whiskey with a flavor, and a fine, invigorating after-effect long to be remembered by those who drink it. Try it and you will make no mistake.

THE COW'S HORN.

Various Ways in Which it is Made Useful by Man.

Have you any conception of how useful that horn is to us? Scientifically it is known as a combination of phosphate of lime, gelatin and albumen, and, like all nature's products, the ingredients are in the right proportion to make the article useful to man as well as to the animal that bears it.

The lime makes the horn hard, but there is just enough lime to make it hard without making it brittle, and there is just enough gelatin to make the horn easy to cut and shape. The core of the horn is bone, and to get that out the horn is soaked in water for several weeks. When the core is taken out it is ground up and made into crucibles which are used for melting gold and silver in.

The outer end of the horn is hard and solid, and that is used for making knife handles and other things. The hollow part of the horn is soaked for half an hour or so in boiling water, when it becomes soft and may easily be split with a knife.

It is then spread out flat and put between iron plates. There was a time when these horn plates were made very thin by hand pressure and used in windows and lanterns as we now use glass. They may be made quite translucent.

When the horn is heated it may be molded into almost any desired form. That is the way knife handles, buttons and other articles are made.—Chicago News.

ENGLISH STORIES.

The Striking Way an Oxford Notable Won a Nickname.

Dean Stanley once went late to dinner with his collar flapping. His hostess ventured to ask him if he knew. "Oh, yes," answered the dean. "Do you mind?" "Not at all," said the lady. "Then I don't mind, either. The button dropped off while I was dressing." And the dean continued his conversation.

Rev. W. H. Tuckwell is responsible for the history of how an Oxford notable in the thirties got his nickname "Presence of Mind" Smith. He went boating with a friend and returned alone and was asked what had become of his companion. He explained that his friend had fallen into the Thames, "and if I had not with great presence of mind hit him on the head with a boat hook the both of us would have been drowned."

The late Joseph Joachim was a great favorite in London and for more than sixty years rarely missed a season there. A certain nobleman told him that he was going to St. James' hall to hear him, and Joachim later asked him if he had found it tedious. "Not at all," serenely answered the titled personage. "I enjoyed myself immensely. I did not recognize you at first under your disguise as a nigger, but later I laughed all the more." The nobleman had strolled by mistake into a minstrel show instead of the large concert hall.

A Nice Calculation.

A Flemish gentleman conceived the idea that he would only live a certain time, so he made a nice calculation of his fortune, which he so apportioned as to last just the same period as he guessed his life would extend to. Strangely enough, his calculations came correct to the letter, for he died punctually at the time he had previously reckoned. He had so far exhausted his estate that after his death had been discharged a solitary pair of slippers represented the entire property he left. His relatives buried him, and a representation of the slippers was carved on the tomb. Today in a churchyard at Amsterdam his grave may be seen, the only inscription on the stone being two Flemish words, "Effen Nyt" (I. e., "Exactly").

Personally Conducted Tour to

NIAGARA FALLS

at Very Low Rates

Via Seaboard Air Line Railway
September 2nd, in Charge of
Mr. and Mrs. C. H. Gattis—
Party Will Be Away 14 Days
—A Delightful Trip.

To points of interest in and around Niagara Falls, Toronto, Buffalo, Albany, day trip down the beautiful Hudson River, New York, Philadelphia, Atlantic City and Washington City. At Very Low Rates, both Railroad and Hotels, European and American plan, personally conducted by Mr. C. H. Gattis, Traveling Passenger Agent, Seaboard Air Line Railway, and Mrs. Gattis, leaving points in the State Wednesday morning September 2nd, returning home about September 15th, with three (3) to five (5) days stop over at the principal points of interest.

Round trip Railroad fare will cost about \$35.00 from Raleigh and Durham, Wilmington about \$39.00, and the same basis from other points, and Pullman cars will be provided for the exclusive use of the party with additional cost of about \$10.00 per berth, though two (2) occupying the same berth the Pullman will be only half of the above amount for the entire trip.

Special Low Side Trip Rates will be made for the party, over the Richelleu and Ontario Navigation Company, Niagara Gorge Electric Railroad, Niagara Belt Line, Niagara Transfer Company, Niagara Navigation Company, and the Niagara Falls Park and River Company, and any other of the side-trip routes that the party may desire to take.

The trip is at the lowest possible party rates that can be secured as the party will travel on party rate tickets for ten or more people, and nothing will be lacking in all the necessary arrangements to make the trip pleasant and comfortable for all.

A most delightful time could not be selected, as early in September is the most attractive season of the year for parties to visit Niagara Falls and the East, time will be spent in Toronto during the Great Canadian Fair, and also during the opening of the theatrical season in New York, Philadelphia and Washington.

Those interested should write to the undersigned at once for details, information, illustrated booklets, and the first applications get the lower berths.

Raleigh and Wilson Break Even.

Raleigh, N. C., Aug. 14.—Raleigh broke even with Wilson in a double-header today, Wilson won the first, score 1 to 0, and Raleigh the second, 3 to 1. However, all three of Raleigh's were earned, while both of Wilson's were on errors. A home run by Dawson in the seventh won for Raleigh in the second game. It set the fans wild. A good fat purse was made up for him after the game. The first game:

Eight-Club S. A. L. League.

Wilmington followers of the game will be interested in quite a little "dope" now being published in the papers of the Sallie League circuit advocating an enlarged league for next year. The Macon Telegraph says it is now practically certain that Chattanooga and Wilmington will be the added cities. Knoxville and Columbus

are also knocking at the door of the League for admission. The Macon Telegraph says:

"Wilmington is not over 150 miles from Columbia in a direct line, with two trains per day, and Savannah could be reached from the North Carolina seaport by means of water route. The Wilmington people are dead in earnest about entering the Sallie circuit, and if they make the proper representation at the league meeting there is no doubt but what they will be given a franchise. The fight for the club will be between Knoxville and Wilmington, as Charlotte does not look with favor upon the proposition."

"President Boyer is in favor of an eight-club league and it is very likely that he will support the plan at the meeting of the directors. If he does not, the directors can decide upon the proposition anyway."

LOCAL DOTS.

—The maximum temperature for Wilmington for the 12 hours ending at 8 o'clock yesterday morning was 86, this being 4 degrees lower than any other point in the district.

—In a game of baseball yesterday afternoon the Southside Rattlers defeated the Delgado team in a ten inning game by the score of 7 to 6.

—Judgment was yesterday awarded Mr. C. D. Maffitt, in a civil action against the launch Buffalo for \$140, alleged to be due him for appliances furnished the launch.

—The souvenir dance at Lumina last night was participated in by over 200 and the occasion was enjoyed to the fullest extent by all. Spanish screens were given as souvenirs of the delightful affairs.

—A permit was issued by Building Inspector Furlong this week for the erection of two four-room houses, on the corner of Tenth and Orange streets. The two buildings will be erected at an estimate cost of \$400 each.

—The dredging work being done in the Cape Fear river under the direction of the United States Engineer located here, by the giant dredge Hercules is progressing very rapidly. The work is now going on in the upper Cape Fear from the Clyde Line wharf to the old Chadbourn mill, this being the first work of the dredge in this vicinity in the past four or five years.

SCHOOL TEACHER ACQUITTED

Tried Four Times Charged With Murder of His Rival in Love.

(By Wire to The Morning Star.)
Roanoke, Va., Aug. 14.—The fifth trial at Floyd court house, of John Richards, the Floyd county school teacher charged with the murder of his rival in love, Maurice K. Francis, of Roanoke, ended today in acquittal. The first, second and fourth trials resulted in disagreement. The third trial resulted in conviction of murder in the first degree and Richards as sentenced to be hanged. The Supreme court granted a new trial. Francis was killed while on his way to see Miss Grace Link, his fiancée, to set a date for their wedding. Richards had been a suitor for her hand and he was suspected of the killing. Immediately following the end of the third trial of Richards, his father mother and eldest brother, all died of pneumonia within a period of a week, as a result of exposure in attending the trial. The parents were buried on the same day but the prisoner was not allowed to attend the funerals for fear of lynching. The case has been one of the most remarkable in the history of Virginia courts.

KILLED BY ARTILLERYMAN

Oscar Wagner On Eve of Receiving Honorable Discharge the Victim.

(By Wire to The Morning Star.)
Roanoke, Va., Aug. 14.—Oscar M. Wagner, a private in battery F, United States field artillery, who returned from Cuba on the transport Kilpatrick on Wednesday and who would have been honorably discharged from service this month, is dead in the Fort Monroe hospital, while William Pickett, a fellow artilleryman is under arrest in Phoebus charged with having killed Wagner. Wagner's death resulted from kicks in the abdomen said to have been inflicted by Pickett during a fight in a Phoebus saloon.

Frank A. Rogers and Edward Koefler of the same battery are also under arrest charged with complicity in the crime.

MARINE CORPS WIN

Captured the Opening Match at Rifle Tournament.

(By Wire to The Morning Star.)
Camp Perry, Ohio, Aug. 14.—The United States marine corps thrashed the field in the opening match of the National Rifle Association tournament today. It was the first shoot in the twenty sixth annual tournament of the association. The weather conditions were ideal and good scores were made. Promptly at 8 o'clock the contests began. Twenty-four teams were entered. The marine corps has three teams entered and they captured the first three players today.

DEATH OF IRA D. SANKEY

This Noted Evangelist and Writer of Hymns Passes Away at the Age of Sixty-eight Years—He Had Been Blind For Years.

(By Wire to the Morning Star.)

New York, Aug. 14.—Ira D. Sankey, known as an evangelist throughout the Christian world, died last night at his home in Brooklyn, but the news of his passing did not become generally known today. Mr. Sankey was 68 years of age. For the last five years he had been blind and had suffered from a complication of diseases brought on by overwork. But almost to the very last he worked at hymn writing. His tours throughout this country and Europe with Dwight L. Moody, the evangelist, brought him into wide prominence. Sankey, it might be said, wrote the Gospel Hymns of the world. In China, Egypt, India, Japan, in almost every language known to man, Sankey's hymns are sung. He received a large income from his publications and leaves considerable of an estate. Among Mr. Sankey's most familiar compositions are "The Ninety and Nine," and "When the Mists Have Rolled Away." His songs are said to have had a circulation of more than 50,000,000 copies.

He was a rapid composer and wrote book after book of gospel hymns. During the last five or six years of his life he was interested in preparing and publishing the story of the Gospel Hymns. At the same time he saved his wonderful voice for posterity by singing into phonographs. The records were sent all over the world.

Sankey first met Moody at a Y. M. C. A. convention in Indianapolis. Moody was so charmed with the young man's voice that he urged him to accompany him on his evangelistic tours. Sankey explained that he was married and could not give up his position. "You must come," said Moody. "I cannot get along without you."

Sankey consulted with his wife and they cast in their lot with Mr. Moody. They visited Great Britain from 1873 to 1875 and again in 1883 and made many tours throughout the United States. When Mr. Moody died, Mr. Sankey felt keenly the loss of his friend. From that time he tried to conduct the work alone which they had hitherto shared between them, but the task was too great. In 1902 his physical condition compelled him to give up most of his evangelistic engagements, although he continued for some time to compile new series of hymn books. Then came failing eyesight which speedily developed into total blindness. With the blindness came also a nervous break down. After his retirement from public life the impression became general throughout the country that he was dead.

Mr. Sankey lived in Brooklyn for 27 years and it was there that most of his songs were written. He was a singer from boyhood, and his voice attracted attention in the hamlet of Edenburgh, Pa., where he was born August 28, 1840. At the beginning of his active life, Mr. Sankey was a Methodist but for the last seven years he had been a Presbyterian. He is survived by a widow, Fannie V. Sankey, his two sons I. Allen Sankey and Edward Sankey and two grand children.

NATIONAL REPUBLICAN CLUBS.

Hammond Will Make Them Potent Factor in Political Controversy.

(By Wire to the Morning Star.)

Hot Springs, Va., Aug. 14.—John Hayes Hammond, the mining engineer and candidate for the Vice Presidential nomination at Chicago, will devote his energies during the campaign to making the National League of Republican Clubs a potent factor in the Presidential political controversy. This decision was announced today after a series of conferences on the subject. Candidate Taft had a comparatively quiet day. He spent some time with Messrs. Hammond and Vorys and had a lengthy talk with Representative Hepburn, of Iowa, saw Beekman Winthrop, assistant secretary of the treasury, played his usual game of golf and besides dictating many letters, began the preparation of the speech he is to make a week from today to the Virginia Republicans.

Mr. Taft was told today by W. N. Mitchell, general agent of the Baltimore & Ohio Railroad for Georgia, that although a life-long Democrat, he should take the stump in Georgia to advocate the election of the Republican National ticket. This statement was issued by Mr. Vorys from the Taft headquarters here today.

Two men were killed and nearly a dozen others were overcome in a manhole of the Empire City Subway Company in New York yesterday by gas from a leaking main. The dead men, Michael Muldoon and Peter Collins, employees of the company, went to hunt for a leak which for some time had filled the conduits with gas and they examined all the manholes from 23rd street up to 45th before they descended in the fatal one at that point on Eighth avenue. When they failed to send up word after a reasonable length of time, Foreman Hollahan started down the manhole to find out the reason.

A Grand Family Medicine.

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and other complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at R. R. Bellamy's drug store. 50c.

MOB VENGEANCE TO NEGROES

White Woman Assaulted—Mob Bent On Wreaking Negro Inhabitants.

(By Wire to the Morning Star.)

Springfield, Ill., Aug. 14.—A threatening mob, bent on wreaking vengeance on the negro inhabitants of Springfield because of an assault committed today by a negro on a white woman, is raging through the streets tonight, beating negroes and disregarding the soldiers of troop B, of the First Cavalry, ordered out by Governor Deneen to preserve order. The Governor tonight by telegraph ordered two companies of militia and one troop of cavalry from Peoria, a troop of cavalry from Bloomington and also one from Pekin. These soldiers are rushing to Springfield on special trains to assist the local troops in maintaining order.

Negroes in various parts of town have been attacked by the mob and in two instances, the negroes have turned with considerable effect upon their assailants. In one mixup a trooper attempted to separate the combatants and was nearly overwhelmed by the disorderly persons who were in pursuit of several negroes. A call for help brought several other cavalrymen to the scene, but they were all disarmed and their guns were carried away by the rioters.

Most of the members of troop B, of Taylorville, are on guard around the jail whence George Richardson, the negro who assaulted Mrs. Hallam at her home today was removed early in the evening to Bloomington. The rioters who had gathered in front of the jail following the incarceration of Richardson were enraged by the ruse practiced by the sheriff in removing Richardson from the jail. A company of firemen was sent down the street in front of the jail in a spectacular run, attracting the attention of the crowd while Richardson and another negro, charged with murder were stealthily taken from the jail across the Sagamon river and placed in a train bound for Bloomington.

Finding that the negroes were gone the mob amused itself for a time by looting negro resorts in East Washington street. The amusement of the rioters was tragedy for the negroes, many of whom were roughly handled and beaten with pieces of their own furniture. A white man and his son, whose names were not ascertained, were shot and injured, supposedly by negroes. This encounter further enraged the members of the mob and they began a general search for negroes.

The situation became so serious that Governor Deneen sent hurried orders for extra troops.

E. R. Thomas, former banker and race horse owner, was seriously injured last night at Long Branch, N. J., when his automobile struck and wrecked a carriage containing several New Yorkers who were on a pleasure drive. The horses attached to the carriage were killed outright, the occupants of the carriage were thrown violently to the ground and Mr. Thomas and his chauffeur were hurled 20 feet to one side of the roadway. Thomas' left leg was broken at the knee.

Freddie Welch was awarded the decision over Johnnie Murphy tonight at the end of the 25-round battle before the Jeffries Athletic Club at Vernon, near Los Angeles, Cal.

ASK YOUR NEIGHBOR.

Hundreds of Wilmington Citizens Can Tell You All About It.

Home endorsement, the public expression of Wilmington people, should be evidence beyond dispute for every Wilmington reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in faraway places. Read the following:

Mrs. M. E. Bordeaux, 510 South Second street, Wilmington, N. C., says: "I can recommend Doan's Kidney Pills as I used them with good results. I had dull pains through my back and loins and some days they were so severe that I could hardly get about to do my housework. Added to this was a too frequent action of the kidney secretions which caused me a great deal of annoyance. The contents of one box of Doan's Kidney Pills, procured from Robert R. Bellamy's drug store stopped the backache and also disposed of the kidney weakness. My husband also used Doan's Kidney Pills for a lameness in his back and they relieved him at once." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

CONVENTION AT ROCHESTER.

New York Democratic State Committee Made the Selection.

(By Wire to the Morning Star.)

New York, Aug. 14.—The Democratic State committee in a ten-minute session this afternoon voted to issue a call for the Democratic State Convention to be held in Rochester, September 15. The committee also adopted unanimously a resolution endorsing the candidacy of W. J. Bryan and John W. Kern, and expression of approval of the platform of Denver convention.

Resolutions were adopted as follows: "The State committee of the Democratic party of the State of New York in meeting assembled, cordially ratifies, approves and endorses the action of the National convention at Denver in selecting as the standard bearers of the party in the National campaign William J. Bryan, of Nebraska, and John W. Kern, of Indiana. We believe that Mr. Bryan stands out among the public men of the country as the embodiment of honesty, integrity, patriotism and the other qualities which go to make up an ideal American statesman and that in Mr. Kern, he has a worthy running mate and one who sizes up well to the great office of Vice President.

"We strongly commend the platform adopted at Denver and believe that it will set forth the principles of progressive Democracy.

"In the face of the great extravagance of the present Republican administration and its plain disregard of the best interests of the people we see on every side evidence of Democratic harmony and we call upon the voters of the State of New York, regardless of party to rally to the support of Bryan and Kern, and take part in carrying the ticket to victory this fall."

THE FLEECER FLEECE

A Story in Court of a Man Robbed by His Partner in a Skin Game.

(By Wire to the Morning Star.)

New York, Aug. 13.—A story of a faro game at high stakes in a luxuriously furnished private dwelling in the fashionable section of the upper Westside was disclosed today at the hearing of Martin Phillips, who was arrested late last night charged with larceny. Phillips was arraigned in the Westside court today and was held in \$1,500 for trial. Neville R. Moxley, formerly of Pittsburg, Pa., who gave his present address as this city, was the complainant, alleging that he lost \$600 in a faro game dealt by Phillips. In his story to the court Moxley said that he came to New York to work a system with Phillips. Moxley said that Phillips wrote to him saying that they could make \$2,000 out of Phillips' employer. Moxley, it was alleged, was to put up the necessary money and to get sixty per cent. of the proceeds, the remaining forty per cent. to go to Phillips. Moxley said he came to this city with \$600, to which Phillips added \$300, saying that much was needed to work the system.

When the magistrate asked Moxley if he did not know the arrangement he had entered into was illegal, Moxley hesitated, and he was severely lectured by the court for his part in the matter.

—Another primary, which virtually decides all political questions in Anson county, has been held. In some respects it was a typical Anson county primary; typical in that men planned hard, worked hard and voted hard. Usually because men of the same political party engaged in bitter criticism of each other and at times threatened to come to blows. As is usual when contests are so tightly drawn, there is some dissatisfaction expressed over result and severe criticism for the methods employed. While the party has been made no stronger by reason of this campaign, the wounded feelings and little differences will be healed when the opposite party enters the field. To some extent we are like sons of the same father, we may fight among ourselves, but when a son of some other father proposes to trash one of our number, then our strength asserts itself and we show to the world how great we are. But this much is certain, these brothers must take care how they handle each other in the future or serious results may befall the whole family.—The Ansonian.

SPIRITS TURPENTINE

—Sanford, Aug. 13.—The tax books for Lee county, which have just been completed by the force of clerks in the register of deeds' office show that the total amount of taxable property in the county is \$2,277,154.

—Snow Hill Laconic: Of the 98 counties in North Carolina, three only have more school libraries than Greene, and two only have as many, 20. Greene county, though one of the smallest counties in the State, is among the first six in the matter of libraries.

—Littleton News Reporter: Halifax county Democratic convention will be held in Halifax next Monday, August 17. The primaries were held throughout the county yesterday. The candidates have made quiet but effective work. Though we are right close to the line we have heard little firing in the battle, and no mud slinging.

—Snow Hill Laconic: Thirteen warrants were the result of boozing and fighting in Snow Hill last Saturday. We disclaim this as an average Saturday but it may be that as the season is so very wet the result is merely from that influence. Anyhow it is a record breaker for Snow Hill's police court.

—Clinton Democrat: There was a sort of German coach colt show on the streets of Clinton Tuesday. Mr. H. J. Cooper, of Little Coharie took the rag off the bush "by a close rub." His colt "is a dandy." Mr. O. F. Herring was a close second. There are many very fine colts of this fine breed in the county.

—Sandford Express: Gov. R. B. Glenn and Representative R. N. Page are booked for speeches at the Confederate soldier's reunion at Jackson Springs Saturday. The Moore county News states that arrangements will be made to furnish free transportation over the C. & P. and A. & A. Railways for all Confederate soldiers on this occasion.

—Lexington Dispatch: Not long since Thomas Dixon, the author, presented to Wake Forest a complete file of the New York World from 1856 up to a couple of years ago, and when he gave it to the library, he told a friend that it cost him just \$2,500. He bought it to get material for his southern reconstruction novels. There was much in it relating to the Ku Klux Klan.

—Sanford Express: There is one lady living in Lee county who enjoys the distinction of having gone to the polls and cast her vote for county, State and National officers. We refer to Mrs. Isham Rosser, who, for a number of years made her home in Utah, where women are allowed to vote. Mrs. Rosser voted the Republican ticket.

—St. Louis, Aug. 14.—Mrs. Alexander Harvath, about to become a mother, quarreled with her husband yesterday and shot herself. She died later in the hospital and a Caesarian operation saved the life of the baby. The bullet passed within half an inch of the baby. It was unharmed and the doctors say it will live and thrive. They say that the bullet passed through the body completely.

—Winston Sentinel: When Governor Robert Broadnax Glenn lays aside the robes of the Chief Executive of the Commonwealth of the Tar Heel State and becomes a private citizen once more, it is said that there is a strong probability that he will enter the Home Mission field, and move to Atlanta, where a very handsome offer has been made to him by the officials of the work to take a place on the board, and become one of its leading officials.

—Lexington Dispatch: A good one is being told on a citizen of the village of High Point, says a dispatch from that place. The story runs that he recently paid a visit to Baltimore, and upon his arrival there, went to a hotel and asked for cheap rates. His request was granted and he was sent aloft to the seventh floor, higher than he had ever been before, through such a maze of passages and stair steps that he became bewildered and scared and nervously asking the porter how he should act in case of fire. The porter showed him the fire escape and explained same. The man took off his top clothes, but being unsatisfied, decided to sort of test the means of escape offered, and opened the door leading to the fire escape. The door clicked behind him and he was locked out. There being nothing to do but descend, he went down in his underwear, hit the burglar alarm at the foot, and landed in the arms of two burly policemen. He almost never got them to understand that he wasn't a burglar, and the hotel man was hard to convince also, but finally all was explained, and the man suffered to return to his room on the seventh floor.

Thinks It Saved His Life.
Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at R. R. Rock Candy Syrup. vs. Thin People

Thin and delicate people would do well to remember that there is nothing more health-giving and tissue-building than **PURE ROCK CANDY SYRUP**. It is exceedingly wholesome and nutritious. Combined with the pure juices of various fruits, the combination is not only nutritious and wholesome, but very palatable.

Many people, and not a few in Wilmington, mix rock candy syrup with vanilla or some other favorite flavor and use it for eating with batter cakes, waffles and the like, and there is nothing more delicious, palatable and nutritious than such a combination for breakfast. Breakfast foods and such "fodder" are simply not in it with rock candy syrup.

Pure (absolutely so) Rock Candy Syrup can be obtained by the pint, quart, or any quantity from the

KNIGHT'S EXCURSION TO COLUMBIA.

Knights excursion to Columbia on Monday, August 24th, offers an opportunity that may never present itself again to see the new, beautiful city, which, Phoenix like, sprung from the ashes in which General Sherman left it on February 16th, 1865, when with the exception of one small cottage on Main street not a building was left on that street, everything on it being burned for one and a half miles, and in a belt from a quarter to a half mile wide. Eighty-four squares containing 366 acres and 1,300 homes were destroyed. Go to the new and prosperous Columbia of today and wonder at its phenomenal rise.

Knights' excursions are patronized by the best people everywhere and you will make no mistake in going. Train leaves A. C. L. station Monday, August 24th, at 7:00 A. THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, Aug. 14.—The feature of
 today's cotton market was the strength
 of August which seemed to remain in
 control of Wall Street bulls and sold
 half a cent above the closing bid of
 last night on a straggling demand from
 belated shorts. The advance in this
 position was a sustaining factor with
 reference to the general list the close
 being steady, 50 points higher on Aug-
 ust, 27 points higher on September
 and 10 to 11 points higher on later
 months. Sales for the day were esti-
 mated at 100,000 bales.

The market opened steady at an
 advance of 6 to 8 points on the active
 months as a result of covering and a
 moderate demand from reactionists.
 At the advance offerings increased,
 reflecting the bearish average of local
 sentiment, expectations that the govern-
 ment's September Bureau will sug-
 gest a crop of at least 14,000,000 bales
 and talk of a poor trade demand, with
 the result that prices reacted to about
 the opening figures. Later the mar-
 ket steadied up again on the advance
 in August which sold at 10.40 or 2.50
 per bale above last night's final. Oc-
 tober touched 9.19 on this advance,
 but later reacted a couple of points,
 closing at 9.17. Southern spot mar-
 kets officially reported were unchang-
 ed to 1-8c lower. Sales of over 2,000
 bales were reported at Savannah on
 the basis of 9 7-8c and it is understood
 that most of this cotton will be ship-
 ped to New York for delivery on August
 contract. The sensational advance in
 August, although not accompanied by
 any great activity, naturally gave
 ground for all kinds of rumors regard-
 ing the short interest, but some con-
 servative people here think that the
 remaining commitments are compara-
 tively small.

Receipts at the ports today 5,454
 bales against 5,391 last week and 1-
 997 last year. For the week 25,000
 bales against 21,983 last week and 8-
 771 last year. Today's receipts at
 New Orleans 502 against 210 last year
 and at Houston 2,689 bales against 120
 last year.

Spot closed 10 points higher and
 quiet; middling uplands 10.60; mid-
 dling full 10.85; sales 2,300 bales. Fu-
 tures opened and closed steady.

DRY GOODS MARKET.

(By Wire to The Morning Star.)

New York, Aug. 14.—The dry goods
 market showed a little more activity
 in the jobbing houses during the day
 and some increase in the buying of
 jobbers in the primary market was
 noted in the large domestic cotton
 goods house. The auction sale of nap-
 ped cottons was concluded at 4 o'clock
 and every lot of the 25,000 cases of
 goods offered was sold. The sale was

satisfactory to the owners and the
 trade regards the distribution fully
 successful.

BRADSTREET'S REPORT.

(By Wire to The Morning Star.)

New York, Aug. 14.—Bradstreet's
 tomorrow will say: Trade of fair
 volume, crops have made further
 progress, corn especially being help-
 ed by rains and collections show tan-
 gible improvement, though backward-
 ness is still a subject of complaint
 here. All advices agree that buyers
 are in the various markets in large
 if not record numbers, but caution and
 conservatism are strongly apparent,
 and some centers note disappoint-
 ment expressed at the volume of busi-
 ness done so far in August. Indus-
 trial reports are so favorable as for
 some weeks past, there is still slow,
 gradual improvement in the iron and
 steel and allied trades, though pig
 iron is lower this week and as south-
 ern lumber prices are higher, there is
 talk of many mills being again set in
 motion. Still there are numerous re-
 ports of curtailed output, and textile
 lines at one leading center are run-
 ning only 50 to 60 per cent of capac-
 ity.

HESTER'S COTTON STATEMENT.

(By Wire to The Morning Star.)

New Orleans, Aug. 15.—Secretary
 Hester's statement of the world's sup-
 ply of cotton issued today shows the
 total visible 1,846,745 against 1,956-
 307 last week and 2,547,177 last year.
 Of this the total of American cotton is
 1,038,699 against 1,125,261 last week,
 1,517,177 last year, and of all other
 kinds including Egypt, Brazil, India,
 etc., 808,046 against 821,046 last week
 and 1,030,000 last year. Of the world's
 visible supply of cotton as above,
 there is now afloat and held in Great
 Britain and continental Europe 1,047-
 000 against 1,516,000 last year; in
 Egypt 70,000 against 35,000 last year;
 in India 436,000, against 609,000 last
 year, and in the United States 294-
 000 against 311,000 last year.

NEW YORK STOCK MARKET.

(By Wire to The Morning Star.)

New York, Aug. 14.—There was a
 heavy break in prices of stocks today
 and the volume of the market at the
 same time expanded materially. Mis-
 givings which have been gathering
 force for several days over the evi-
 dence of excess in the movement for
 the advance undermined speculative
 confidence and made it easier for the
 bears to topple over prices. There was
 no positive news development to
 account for the reaction, but there
 were some disquieting rumors regard-
 ing the finances of constituent mem-
 bers of the Rock Island system. The
 collapse of the Boston speculator's pro-
 gramme was an unsettling influence
 on the whole list. Stocks which had
 been most tumultuously heralded for
 an advance in the advertising cam-
 paign were unloaded with unconcealed
 precipitation. While there was no
 striking new development in the news
 growing attention was given to some
 phases of the situation which have
 come into notice during the week. The
 chorus of opposition to proposed ad-
 vances in freight rates and expres-
 sions from railroad officials indicat-
 ing a compliance with these protests
 indicate that hopes by that means
 from the shrunken railroad revenues
 will not be forthcoming. There was
 an increase in the selling pressure
 every time prices rallied and they
 were forced down to the lowest of
 the day at the weak closing.
 Bonds were irregular. Total sales
 par value \$2,472,000. United States
 bonds were unchanged on call. Total
 sales stocks today 1,023,700 shares.

POLITICAL CLUBS IN ALL PRECINCTS

The Call For Their Formation
Issued From Democratic
Headquarters.

THOROUGH ORGANIZATION

Of the Party to be Made Basis of
Campaign Work—Club Work and
Publicity Expected to Win
Fight—Encouraging News.

(By Wire to the Morning Star.)
Chicago, Aug. 14.—A call for the organization of Democratic Clubs in every voting precinct in the United States to aid in Mr. Bryan's campaign was issued today by the Democratic National Committee. Mr. Bryan, it is said, informed Chairman Mack and other members of the committee that he believed that the Democratic cause would derive its greatest impetus from the formation of these clubs throughout the country. The appeal for club organization was signed by Chairman Mack and John W. Tomlinson, head of the Committee on Club Organization.

Asserting that the Republican party intends to rely on favor seeking interests, the call for club organization says:

"All patriotic citizens, irrespective of party, who stand for the rule of the people and are against the corrupt, or undue influence of money in election, and to that end favor publicity of the larger campaign contributions before the election, as demanded by the Democratic platform, are urged to organize themselves immediately into campaign clubs for the Presidential election."

"All organizations in sympathy are expected to assist actively in this work. The chairman of the Democratic State Committee in each State is requested to have each county and precinct committee organize a campaign club in each precinct on or before the fifteenth day of September and to call meetings immediately for that purpose. All existing organizations should meet at once and appoint campaign committees. No special organization or by-laws is necessary."

Former National Committee Chairman Taggart called at Democratic headquarters today and conferred with Chairman Mack and other members of the committee regarding campaign plans. Speaking of the situation in Ohio and Indiana, Mr. Taggart said: "The situation in Indiana so far as the Democratic party is concerned is better than it has been for twenty years and there is absolute harmony in the party ranks. Indiana is in the Democratic column without a doubt. The reports that I receive from Ohio are also encouraging and I shall not be surprised to see that the Democrats for that State elect their candidate for Governor and give a majority for the Democratic National ticket."

Chairman Mack has given up the plan of returning East in the early part of next week and the eastern headquarters in New York will not be opened in all probability until about the first of next month.

CAPT BALDWIN "MAKES GOOD"

Two Successful Speed Trials of Military Balloon Yesterday.

(By Wire to the Morning Star.)
Washington, Aug. 14.—Captain Baldwin today fulfilled the second requirement for the acceptance of his military dirigible balloon, by making two successful speed trials at Fort Myer. A week ago the air ship was accepted so far as construction is concerned and tomorrow it is expected that the endurance trial will be made. Captain Baldwin is allowed three flights to fulfill the endurance specifications. At 6:33 o'clock this evening the dirigible shot across the starting line headed in a northerly direction. The course followed was a new one and lies in the direction of Cherrydale, Va., two and a sixteenth miles from the starting point.

On the home stretch the airship pulled evenly and at a greater rate of speed than it had ever attained before, crossing the finish line at 6:48 o'clock fifteen minutes after starting. It is expected that the average speed for the flight will be found to be sixteen and one half miles.

After replenishing the supply of gasoline, Captain Baldwin made another official speed trial in order to get a bonus on his contract price of \$6,750.

At 7:10 the airship crossed the starting line the second time.

The airship turned for the return trip at 7:17, having made the two and one sixteenth miles in seven minutes. The actual time for the second flight was thirteen and three quarter minutes.

It is believed that the official timers will figure Captain Baldwin's average time for the last test at nineteen miles an hour. The contract with the Government requires that twenty miles an hour be made in order that the contract price be secured. For every mile less than twenty made by Captain Baldwin 15 per cent. will be deducted from the contract price.

ATLANTIC FLEET LEAVES AUKLAND

The Leaving of The Battleship
Fleet From The Harbor a
Magnificent Pageant.

DEPARTURE OF AMERICANS

Occasion for General Holiday—Many
People Give the Fleet a God's
Speed—National Salutes and
Expressions of Good Will.

(By Wire to the Morning Star.)
Auckland, N. Z., Aug. 14.—The American Atlantic fleet departed for Sydney at 8:50 o'clock this morning. The weather was fine and large crowds were ashore and aloft to bid farewell to the Americans. Excursion craft loaded to the rails dotted the harbor.

As anchors were hoisted and the flagship pointed her nose toward the mouth of the harbor pandemonium reigned. The shore batteries belched forth parting salutes which were answered by the American ships and the whistles and sirens on the excursion flotilla resounded across the harbor and were re-echoed by the distant American ships. The American ships were kept busy dipping their flags in answer to the salutations of the New Zealanders.

The fleet steamed with precision of alignment out of the harbor and many of the excursion craft followed it far to sea.

The pageant when the ships left their anchorage was a magnificent one. The flagship Connecticut, turning and steaming between the lines of battleships which turned in order and followed her to sea.

Sir Joseph Ward, the premier, and a large number of officials were aboard a Government steamer, and as each battleship passed Sir Joseph led the rousing cheers for the Americans. The battleship Kentucky, which was the last in the line responded lustily with cheers for New Zealand, and the bands on both vessels played the British and American National anthems and "Auld Lang Syne."

Cordial farewell messages were exchanged between Rear Admiral Sperry, commander of the fleet, and the New Zealand authorities. Sir Joseph Ward, the premier, voting the sentiments of the people of the Dominion said: "Your all-to-short visit to New Zealand unquestionably has drawn the peoples of the United States and this Dominion together."

[The message concludes with the following words in the Maori language: "Kia Ora Aroha," which means "Good luck and love."]

Admiral Sperry, in reply said the reception accorded the battleship fleet at Auckland had been hearty and cordial beyond his expectations and that it would unite in closer bonds the two white races whose interests in the Pacific were identical.

MR. BRYAN FEELS GOOD

Encouraging News From New York.
Make Several Speeches in Ohio.

(By Wire to the Morning Star.)
Lincoln, Neb., Aug. 14.—The prophecy of State Chairman W. J. Connors, of New York, that W. J. Bryan would carry that State, the sending out from Chicago of a number of special speakers to various sections of the country by the Democratic National committee and the receipt of a number of telegrams and letters of congratulation on his speech, all served to put the Democratic nominee for the Presidency in a happy frame of mind today. On account of threatening weather there was only a handful of visitors at Fairview and this fact offered Mr. Bryan a rare opportunity to continue work at a lively pace on his speeches to be delivered at Indianapolis and elsewhere. No such day of quiet had been experienced at the Bryan home for some time.

Mr. Bryan is awaiting replies to letters sent to different parts of the country in response to invitations to speak before announcing the several dates and places which will be included in his forthcoming tour. "It has about been settled, however, that much attention will be given to Ohio and that the speeches which Mr. Bryan will make will be in the centers, where it is deemed they will do the most good. This part of the program, it is said, is in the hands of Chairman Mack, of the National Committee."

ALLEGED MAIL ROBBER.

Amos C. Nolan, of Floyd, Va., Had
Several Packages of Valuables.

(By Wire to the Morning Star.)
New York, Aug. 14.—Laden with merchandise said to have been taken from the mails, Amos C. Nolan was arrested today, charged with larceny from the mails and turned over to the Federal authorities.

Nolan excited the suspicion of a policeman early today as the former hurried along with two bundles. After an examination of the bundles they were found to contain eighteen \$5 bills, a large number of mail packages addressed to many persons, a deposit slip on the Floyd Company Bank, of Floyd, Va., showing a credit to A. C. Nolan of \$162, a lot of jewelry and postal cards.

When arrested Nolan wore a mail driver's cap and carried a mail carrier's badge. He was held in \$3,000 bail to await the action of the Federal grand jury.

ANARCHISTS INVADE PROSPERITY SESSION

Suffragettes Also Demand Recognition By Commercial
Travelers' Congress.

POLICE DISPERSE "ARMY"

Practically Every Large City in Country
Represented at Opening Session
Yesterday—Southerners
Take Leading Part.

(By Wire to the Morning Star.)

New York, Aug. 14.—Two rival "armies" descended upon the meeting of the Commercial Travelers' Interstate Prosperity Congress here today. First came a horde of grim looking men under the leadership of Alexander Berkman, professed anarchist, who some years ago shot H. C. Frick, the millionaire, after the Homestead Steel strike riots. It was necessary for the police to disperse this "army," and Berkman angrily reproached his followers as a lot of "spineless, drivelling idiots" for not opposing the police. Berkman and his followers said that they represented 40,000 unemployed workmen and they came to demand participation in the prosperity. The Congress said existed. Hardly less formidable was the second "army" for it was composed of determined suffragettes. They also demanded recognition by the prosperity congress. The police were not called upon to disperse this "army"—diplomacy was used.

Aside from these interruptions the Congress was considered a great success. Speakers from all sections of the country told of returning prosperity in their districts and it is urged upon the members of the Commercial Travelers' organization that they talk of prosperity wherever they went. After the meeting had been in session for some time a committee from the unemployed workmen asked to be admitted. This was after Berkman and his followers had been dispersed. The committee asked that a resolution it had prepared be presented to the Congress. It stated that the most urgent need of the workman was food and lodgings and that while there was a demand for workmen in the Western States, the men had been out of work so long they did not have clothing or tools or money for transportation to the waiting positions. The resolution was free from bitter language and stated that the authors of it were in thorough sympathy with the prosperity movement.

Practically every large city in the country was represented at the meeting either by commercial travelers, representatives of merchants' associations or delegates from boards of trade. Acting Mayor McGowan, of this city, was a speaker and several other city officials attended. C. W. Rice, former past supreme councillor of the United Commercial Travelers of America, and H. O. Gray, president of the Travelers' Protective Association responded to the speeches of welcome.

"Trust everyone of the 40,000 members of my organization to do all he can and talk all he can to encourage an entirely hopeful spirit and to induce full confidence everywhere in the business situation," said Mr. Gray. Colonel John S. Harwood, of Richmond, Va., said that not a mill had shut down in his State and in all other parts of the South the commercial mists have faded away. J. S. Reynolds, of Augusta, Ga., and Sigmund Hirsch, of this city, spoke in an optimistic vein.

At the afternoon session Henry Clews the New York banker, spoke on the financial situation. He elicited applause when he said that the combined value of the crops this year will be about \$8,000,000,000. "That means," he added, "that the farmers will have money to burn this fall. Get busy boys and show them how to burn it judiciously."

George Fred Williams of Massachusetts, who was greeted with prolonged cheering when he rose to speak, took issue with Mr. Clews on several of his statements. He referred to the unemployed workmen who had sought admission to the meeting and deplored the fact that such a condition of affairs could exist.

"A false notion has crept in our minds that a few may enjoy prosperity when the great mass of people are in another State," he said. He then described the recent panic and condemned our present banking system, which Mr. Clews had praised.

Mr. Williams asked Mr. Clews if he did not think it would be for the best to have the Government oversee the banks. The banker said that he approved of most of what Mr. Williams had said.

Mr. Williams continued his speech advocating a scheme to have the Government give employment to the unemployed, and prophesying that it will not be long before the railroads are owned by the States.

Other speakers were E. C. Simmons of St. Louis, president of the National Prosperity Association and A. E. Eastmond, of this city. Before the session adjourned the committee on resolutions reported and it was learned that recognition had been given the "committee of unemployed. The committee deplored the fact that so many men were out of work."

The resolution offered by the committee described the financial panic as being "partly caused by a lack of confidence in the people controlling the common carriers of the country, in failing to give a fair deal between the strong and powerful shipper as against the small and weak shipper and unwise and hasty legislation by State Legislatures afterwards."

The resolution also says: "The

loaning of the depositors' money to favorites of the officials of the banks for speculative purposes was permitted so that merchants could not be accommodated in their legitimate needs.

"Therefore the members of Congress pledge themselves to work for the passage of such laws as will enlarge the powers of the Interstate Commerce Commission, to permit the strictest supervision of the railroads, prohibit them from engaging in any business except the carrying of freight and passengers and forbid the giving of rebates or discriminating rates."

FATAL BALLOON EXPLOSION

Accident to Captain Lovelace's Balloon Caused Death of Two.

(By Wire to the Morning Star.)
London, Aug. 14.—Two persons were killed and six injured by an explosion this morning on the grounds of the Franco-British exposition of the balloon enveloped owned by Captain Lovelace, of the New York Aero Club.

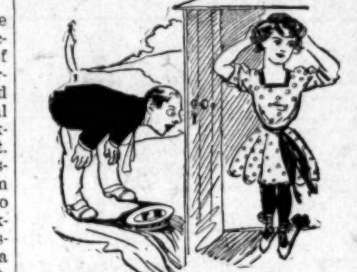

Preparations for an ascent was being made when the accident occurred. The case is supposed to have been the throwing down of a lighted match. Miss Hill, aged 18, secretary of Captain Lovelace, was one of the persons killed. She was burned to a cinder.

The other person killed, a man, and the six men who sustained injuries also were employed by Captain Lovelace. Captain Lovelace's clothes were burned but otherwise he sustained no injuries.

EDISON PHONOGRAPHS
THE EDISON PHONOGRAPH IS A CASE WHERE THREE IS COMPANY AND NOT A CROWD.

Two people and an Edison Phonograph can pass a very pleasant evening. This does not prevent it from being the best entertainer for any kind of a gathering, from an informal evening up to a large reception.

If you don't know the possibilities of the Edison Phonograph, come into our store and hear what it can do.

You can actually effect a cash saving of \$113 by joining with ninety-nine other people in the Ludden & Bates piano club now forming. By selling pianos in this way, a hundred at a time, instead of one, we so reduce expense that our club members get a genuine \$400 instrument for only \$287—a saving of almost a third. Better still, the club terms are so easy that anyone can have a piano. But little cash is needed. You pay \$10.00 and receive your piano when you join the club; the balance in little monthly payments.

The Ludden & Bates New Scale PIANO

Is in every respect equal to any \$400 piano in the world. Full cabinet grand, balanced scale, made perfect by the finest skill and material. Double repeating action, genuine ivory keys and artistic cases of fancy walnut, mahogany or oak. Full, sweet tone, with that peculiar singing quality found only in the highest grade pianos.
In case of the death of the head of the family we cancel the club contract and make you an outright possessor of the splendid balance. The piano belongs to you absolutely. This free life insurance has allowed the completion of many a musical education, and is worth your consideration. It is practically an assurance that you will not lose your piano through inability to pay dues. Write us at once for an application blank and complete description of different styles of finish. In this way you can make a selection that will delight you. You can leave the question of tone to us. We will see that you get a perfect instrument. A well-made, attractive stool and a beautiful scarf go with each piano. Write for full information of the club that is now forming.
